

SIMMS CREEK WILDLIFE
MANAGEMENT ASSOCIATION

PO BOX 71
LOMETA, TX 76853

September 2011

Letter from the SCWMA President:

Enclosed is your lease license to allow you to lease for hunting. This reduced cost license is being granted to you by virtue of your membership in Simms Creek WMA.

As members we have agreed to provide the State of Texas with game sightings data, harvest data, and a 2011-2012 Harvest Report to allow the state to monitor the herd.

Mike Miller is working with Simms Creek WMA to manage our common deer herd. Mike needs the following data to do his job.

1. Daylight observations during July, August and early September
2. Spotlight counts if you volunteered to run a line. It is great fun.
3. Age, weight, sex and antler data for all game harvested. Bring your jaw bones to the Saturday March 31, 2012 Simms Creek Meeting for jaw bone aging. The meeting location is The Star Fire House 12 noon.
4. A 2011-2012 Harvest Report listing the total harvest and how many hunter days occurred on your ranch or lease.
5. All forms can be download from Simms Creek Website
www.simmscreekwma.org

To receive your license at the reduced rate each year, please submit the above data. If you cannot make the meetings please submit your 2011-2012 Harvest Report to Mike Miller. Your data will be added to the data collected at the Simms Creek meeting.

Have a Safe Season,

Warren Blesh,

President Simms Creek WMA
